

Agenda 2

1. Overview of progress since last meeting
 - In particular:
 - a. Plan for portfolio building UI
 - b. Plan for data model
2. Risk of Plagiarism
3. MVP Subset
 - a. Single color theme/font
 - b. Two block templates
 - c. Code formatting
 - d. Amazon S3
 - e. No programming language concept yet
4. Design
 - a. Is portfolio too spread out?
 - b. Is there enough focus on the code itself?
5. Using GitHub gists vs formatting code ourselves
6. Beyond MVP
 - a. drag-and-drop to upload: easy/hard?
